ANALOG AUTHOR'S CONTRACT

Dear

Matt

We are pleased to inform you that we have accepted your article/program/review.

Logiktron Clock Card

for submission in **ANALOG Computing**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. Please study the rights available to you (below) and check off the one which meets your approval. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact our offices either by phone or by letter. We may negotiate various rights to an author on an individual basis, or you may cancel your submission altogether.

- ☒ 1. **FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$60.00 per typeset magazine page. This entitles **ANALOG** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 - \$250.00, depending upon article length.
- ☐ 2. **FIRST RIGHTS ONLY.** Rate of pay: \$50.00 per typeset magazine page. This entitles **ANALOG** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.
- ☐ 3. **CANCELLATION.** I wish to cancel my submission to **ANALOG**.

PLEASE CHECK OFF ONE OF THE ABOVE.

Important: the maximum rate of pay for an article, review or program in **ANALOG** is \$360.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ANALOG Computing**.

ANALOG AUTHOR'S CONTRACT

Dear Matt,

We are pleased to inform you that we have accepted your article/program/review.

M10
for submission in **ANALOG Computing** and/or **ST-Log**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. If the box directly below (ST disk) has been checked off by us, your material will be published in that format only; disregard the other options or check the cancellation box (#3 below).

- ☐ **ST DISK ONLY.** Rate of pay: \$_____ per program/article. This entitles **ANALOG** or **ST-Log** to publish a short explanation of your program once in the magazine. The complete listing(s) will be included on the magazine's ST disk version.
- ☒ Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.
- ☒ **1. FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles **ANALOG** or **ST-Log** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.
- ☐ **2. FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles **ANALOG** or **ST-Log** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.
- ☐ **3. CANCELLATION.** I wish to cancel my submission to **ANALOG Computing** and/or **ST-Log**.

PLEASE CHECK 1, 2 OR 3, UNLESS ST DISK HAS BEEN INDICATED.

Important: the maximum rate of pay for an article, review or program in **ANALOG** or **ST-Log** is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ANALOG Computing**.

ANALOG AUTHOR'S CONTRACT

Dear Matt,

We are pleased to inform you that we have accepted your article/program/review,

ST Nightmare Repair

for submission in **ANALOG Computing** and/or **ST-Log**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. If the box directly below (ST disk) has been checked off by us, your material will be published in that format only; disregard the other options or check the cancellation box (#3 below).

- ☐ **ST DISK ONLY.** Rate of pay: \$ _____ per program/article. This entitles **ANALOG** or **ST-Log** to publish a short explanation of your program once in the magazine. The complete listing(s) will be included on the magazine's ST disk version.
- ☒ Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.
- ☐ **1. FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles **ANALOG** or **ST-Log** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.
- ☐ **2. FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles **ANALOG** or **ST-Log** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.
- ☐ **3. CANCELLATION.** I wish to cancel my submission to **ANALOG Computing** and/or **ST-Log**.

PLEASE CHECK 1, 2 OR 3, UNLESS ST DISK HAS BEEN INDICATED.

Important: the maximum rate of pay for an article, review or program in **ANALOG** or **ST-Log** is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ANALOG Computing**.

ANALOG AUTHOR'S CONTRACT

Dear Mcott,

We are pleased to inform you that we have accepted your article/program/review,

SmartTeam Modem

for submission in **ANALOG Computing** and/or **ST-Log**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. If the box directly below (ST disk) has been checked off by us, your material will be published in that format only; disregard the other options or check the cancellation box (#3 below).

- ☐ **ST DISK ONLY.** Rate of pay: \$_____ per program/article. This entitles **ANALOG** or **ST-Log** to publish a short explanation of your program once in the magazine. The complete listing(s) will be included on the magazine's ST disk version.

☒ Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.

- ☒ **1. FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles **ANALOG** or **ST-Log** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.

- ☐ **2. FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles **ANALOG** or **ST-Log** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.

- ☐ **3. CANCELLATION.** I wish to cancel my submission to **ANALOG Computing** and/or **ST-Log**.

PLEASE CHECK 1, 2 OR 3, UNLESS ST DISK HAS BEEN INDICATED.

Important: the maximum rate of pay for an article, review or program in **ANALOG** or **ST-Log** is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ANALOG Computing**.

ANALOG AUTHOR'S CONTRACT

Dear Matt,

We are pleased to inform you that we have accepted your article Function Key Helper review,

for submission in **ANALOG Computing**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. Please study the rights available to you (below) and check off the one which meets your approval. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact our offices either by phone or by letter. We may negotiate various rights to an author on an individual basis, or you may cancel your submission altogether.

- ☐ 1. **FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$60.00 per typeset magazine page. This entitles **ANALOG** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 - \$250.00, depending upon article length.
- ☐ 2. **FIRST RIGHTS ONLY.** Rate of pay: \$50.00 per typeset magazine page. This entitles **ANALOG** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.
- ☐ 3. **CANCELLATION.** I wish to cancel my submission to **ANALOG**.

PLEASE CHECK OFF ONE OF THE ABOVE.

Important: the maximum rate of pay for an article, review or program in **ANALOG** is \$360.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

ANALOG AUTHOR'S CONTRACT

Dear

Matt

We are pleased to inform you that we have accepted your article/program Speed King review.

for possible publication in **ANALOG Computing**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are two ways in which we can purchase rights to your article. Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.

- ☒ 1. **FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles **ANALOG Computing** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.
- ☐ 2. **FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles **ANALOG Computing** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.
- ☐ 3. **CANCELLATION.** I wish to cancel my submission to **ANALOG Computing**.

Important: the maximum rate of pay for an article, review or program in **ANALOG Computing** is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

ST-LOG AUTHOR'S CONTRACT

ST-RELATED MATERIAL SUBMITTED FOR PUBLICATION IN ST-LOG OR ANALOG COMPUTING

Regular ST Features and Reviews

Dear Matt

We are pleased to inform you that we have accepted your article/program/review,

Publishing Partner

for possible publication in **ST-Log** and/or in **ANALOG Computing**'s ST coverage. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. If the box directly below (ST disk) has been checked off by us, your material will be published in that format only; disregard the other options or check the cancellation box (#3 below).

- ☐ **ST DISK ONLY.** Rate of pay: \$ _____ per program/article. This entitles **ST-Log** to publish a short explanation of your program once in the magazine. The complete listing(s) will be included on the magazine's ST disk version.

☒ Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.

- ☒ **1. FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles **ST-Log** or **ANALOG Computing** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.

- ☐ **2. FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles **ST-Log** or **ANALOG Computing** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.

- ☐ **3. CANCELLATION.** I wish to cancel my submission to **ST-Log** and/or **ANALOG Computing**.

PLEASE CHECK 1, 2 OR 3, UNLESS ST DISK HAS BEEN INDICATED.

Important: the maximum rate of pay for an article in this category for **ST-Log** or **ANALOG Computing** is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ST-Log** and **ANALOG Computing**.

ANTIC MAGAZINE
COPYRIGHT AND TRADEMARK ASSIGNMENT

This Agreement is made this 10th day of January, 1989,
by and between Antic Publishing, Inc., a California
corporation with principal offices at 524 Second Street, San
Francisco, CA 94107 (hereinafter "Antic") and
Matthew Ratcliff, an individual residing at
32 S. Hartnett, St. Louis, MO 63135 (hereinafter
"Author").

For and in consideration of the mutual representations,
warranties and covenants contained herein, and other good
and valuable consideration, the receipt and sufficiency of
which is hereby acknowledged, Antic and Author agree as
follows:

1. Author hereby assigns in perpetuity to Antic, its
subsidiaries and affiliates, all of his/her rights, title
and interests in and to the work nominally entitled
XF551 Enhancer (hereinafter the
"Work"), including but not limited to any and all copyrights
with respect to the Work, and to the trademarks n/a
n/a which have previously been
used by Author in conjunction with and/or in reference to
the Work. Author further agrees that he/she will not
hereafter adopt or use any trademark or name confusingly
similar to any of said trademark(s). In addition, Author
hereby assigns to Antic any accrued cause(s) of action which
are the result of infringement of any of the rights, title
and/or interests being assigned herein.

2. Antic hereby agrees to pay Author the sum of _____
\$75.00 per published page on publication of the Work to
secure the desired ownership of all of Author's rights,
title and interests in and to the Work.

3. Author represents and warrants that: (a) he/she alone
owns by right of authorship or otherwise all rights which
are herein being assigned to Antic; (b) he/she has not
previously assigned, licensed, or otherwise conveyed or
encumbered any of the rights herein sought to be assigned to
Antic; (c) the Work contains no libelous or otherwise
unlawful material; and (d) the Work does not infringe upon
any copyright, trademark, and/or other proprietary right of
any third party.

ST-LOG AUTHOR'S CONTRACT

ST-RELATED MATERIAL SUBMITTED FOR PUBLICATION IN *ST-LOG* OR *ANALOG COMPUTING*

Regular ST Features and Reviews

Dear Matt

We are pleased to inform you that we have accepted your article/program/review.

Ninja Mission

for possible publication in *ST-Log* and/or in *ANALOG Computing*'s ST coverage. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. If the box directly below (ST disk) has been checked off by us, your material will be published in that format only; disregard the other options or check the cancellation box (#3 below).

☐ **ST DISK ONLY.** Rate of pay: \$ _____ per program/article. This entitles *ST-Log* to publish a short explanation of your program once in the magazine. The complete listing(s) will be included on the magazine's ST disk version.

☒ Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.

☒ **1. FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles *ST-Log* or *ANALOG Computing* to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.

☐ **2. FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles *ST-Log* or *ANALOG Computing* to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.

☐ **3. CANCELLATION.** I wish to cancel my submission to *ST-Log* and/or *ANALOG Computing*.

PLEASE CHECK 1, 2 OR 3, UNLESS ST DISK HAS BEEN INDICATED.

Important: the maximum rate of pay for an article in this category for *ST-Log* or *ANALOG Computing* is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of *ST-Log* and *ANALOG Computing*.

ANALOG AUTHOR'S CONTRACT

Dear Matt,

We are pleased to inform you that we have accepted your article/program/review,

CES Report

for possible publication in **ANALOG Computing**. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are two ways in which we can purchase rights to your article. Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.

- ☒ 1. **FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$65.00 per typeset magazine page. This entitles **ANALOG Computing** to publish your article in the magazine, plus in any further reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the length of the article. The royalty fee for reprinted articles will be between \$25.00 and \$250.00, depending upon article length.
- ☐ 2. **FIRST RIGHTS ONLY.** Rate of pay: \$55.00 per typeset magazine page. This entitles **ANALOG Computing** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. However, please note that few magazines will accept an article after another magazine has already published it, so your chances of seeing the article published in more than one magazine are somewhat limited.
- ☐ 3. **CANCELLATION.** I wish to cancel my submission to **ANALOG Computing**.

Important: the maximum rate of pay for an article, review or program in **ANALOG Computing** is \$390.00. For **FIRST RIGHTS AND REPRINT RIGHTS**, the maximum paid page length is six typeset magazine pages; for **FIRST RIGHTS ONLY**, the maximum paid page length is approximately seven typeset magazine pages. Articles over these lengths will be purchased for the flat maximum fee available.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ANALOG Computing**.

ST-LOG AUTHOR'S CONTRACT

ST-RELATED MATERIAL SUBMITTED FOR PUBLICATION IN *ST-LOG* OR *ANALOG COMPUTING*

Technical and Special ST Features

Dear Matt,

We are pleased to inform you that we have accepted your article/program/review.

Fancy File Dump

for possible publication in **ST-Log** and/or in **ANALOG Computing's** ST coverage. Before we can publish it, however, we require a signed copy of this contract. This is for both our convenience and yours, as it guarantees the ownership of the article (for our records), and may assist you in the preparation of your tax returns, since your submission constitutes taxable income. **Your submission must be a previously unpublished article and not under consideration by any other magazine at this time.**

There are several ways in which we can purchase rights to your article. If the box directly below (ST disk) has been checked off by us, your material will be published in that format only; disregard the other options or check the cancellation box (#3 below).

☐ **ST DISK ONLY.** Rate of pay: \$ _____ per program/article. This entitles **ST-Log** to publish a short explanation of your program once in the magazine. The complete listing(s) will be included on the magazine's ST disk version.

☒ Please study the rights available to you (below), check the one you prefer, then sign and date the bottom of this form. Also, please note that rates of pay vary with the particular rights purchased. If none of these meets with your approval, please feel free to contact us, by either phone or letter. We may negotiate various author's rights on an individual basis, or you may cancel your submission altogether.

☒ **1. FIRST SERIAL AND REPRINT RIGHTS.** Rate of Pay: \$120.00 per typeset magazine text page and 2 cents per byte for programs. This entitles **ST-Log** or **ANALOG Computing** to publish your article in the magazine, plus in any reprints or collections of programs in the future. However, in any future reprinting of your article, you will be paid additional royalties based on the article's length. The royalty fee for reprinted articles will be 50% of the original amount.

☐ **2. FIRST RIGHTS ONLY.** Rate of pay: \$100.00 per typeset magazine text page and 2 cents per byte for programs. This entitles **ST-Log** or **ANALOG Computing** to publish your article once in the magazine, then the rights to your manuscript automatically revert to you. Please note that few magazines will accept an article after another magazine has already published it; your chances of seeing the article published in more than one magazine are somewhat limited.

☐ **3. CANCELLATION.** I wish to cancel my submission to **ST-Log** and/or **ANALOG Computing**.

PLEASE CHECK 1, 2 OR 3, UNLESS ST DISK HAS BEEN INDICATED.

After we receive this contract, a retainer of \$50.00 will be mailed to you. The rest of your payment will be sent out upon publication. If your article is one typeset magazine page or less, the entire fee will be paid immediately after we receive this contract.

PLEASE RETURN A SIGNED COPY OF THE WHITE FORM AS SOON AS POSSIBLE.

Thank you very much for your submission and for your continuing support of **ST-Log** and **ANALOG Computing**.

Re: TERMS AND CONDITIONS FOR THE PURCHASE OF ARTICLE/ILLUSTRATION RIGHTS

We have agreed to buy certain rights from you to the Article which is to be prepared by you as described on the front of this form ("Item"). Our purchase is based only upon the terms and conditions set forth below:

PRICE

Subject to both your timely delivery of the completed Item as requested and our actual publication in the magazine of the Item we will pay the full sum set forth on the front of this form ("Purchase Price"). If the Item is not published in the magazine, we will only pay twenty percent (20%) of the purchase price ("Kill Fee"). If the completed Item is unacceptable to us because of your failure to produce the Item as requested (e.g., an unapproved change in subject matter or illustration below our usual publication quality standard, or a failure to deliver the Item on time), then we shall not pay any money at all.

RIGHTS PURCHASED AND GRANTED

In exchange for our payment of the Purchase Price, you are assigning all of your worldwide rights in and to the Item, including, but not limited to: the right to obtain copyright registration in our name or our transferee; the right in our sole judgment to change, modify or edit the Item; the right to sell, license or otherwise use the Item throughout the world any number of times; and the right to control and use the original artwork embodying the Item. However, you have our consent, for the sole purpose of promoting your services as an Illustrator/Writer and Artist, to republish the Item in any book, magazine, flyer or pamphlet which is designed to only promote the services of you and/or other Illustrators/Writers and Artists.

IDEMNITY

You promise and represent that the Item delivered will be a genuine and original work, which will not infringe or violate, in whole or in part, any copyrights or other rights of any other work and/or person or entity. Accordingly, you agree to hold us and any party acting under our authority wholly harmless from and against any loss, claim, liability or damage, including, but not limited to, attorney's fees and other litigation expenses and/or our use of the Item.

DELIVERY

Delivery, unless otherwise set forth in writing, shall be to our offices. In order for delivery to be considered timely, it must be delivered on or before the requested completion date set forth on the front of this form.

PUBLICATION

The determination as to whether or not your Item is acceptable for publication shall be determined only by publishers of the magazine in the exercise of their reasonable judgement.

PAYMENT

If the Item is not purchased, the Kill Fee will be due within 30 days of our notification to you. If the Item is published, the purchase price will be due within 30 days from the on-sale date of the magazine in which the Item is published. If the Item is republished, the one time only republication fee will be due within 30 days from the on-sale date of the first republication.

INDEPENDENT CONTRACTOR STATUS

Your services are being provided to us on an independent contractor basis, so the manner in which you tender your services will be within your sole control and discretion. Accordingly, no deductions will be made for withholding or social security taxes and you will not be entitled, under any circumstances, to any of our employee benefits, including, but not limited to, unemployment compensation, medical, dental, vacation or life insurance benefits.

LITIGATION

Any dispute or claim arising out of this purchase from agreement shall be rendered by only the courts in California, including the Federal Courts and, therefore, you agree to submit to the jurisdiction of those courts. This purchase form shall be interpreted pursuant to the laws of the State of California and the applicable federal laws.

Matthew J. W. Ratcliff
32 South Hartnett Ave.
St. Louis, MO 63135
(314) 524-1627 (home)
(314) 234-9304 (work)

OBJECTIVE

Obtain advanced, challenging position in software engineering in ANSI C, C++, or Ada programming language, such as project engineer; set and maintain standards for software development; design, implement, and test systems involving real time controls and interactive computer graphics.

EXPERIENCE

From 05/80 To present Electrical Engineer
 McDonnell Aircraft
 St. Louis, MO

Electrical Engineer at McDonnell Aircraft corporation. Began as testing engineer for aircraft structural tests, responsible for data acquisition system setup and operation. In charge of software development on portable data acquisition system built around the Analog Devices computer Macsym2 and Macsym350.

Worked on Advanced Aircraft Electrical System R&D project. First generation system, all software written in Z8000 assembly language. Responsible for interfacing "incompatible hardware" to drive fully integrated aircraft electrical system in the laboratory. Second generation system involved redesigned aircraft electrical power system. Responsible for all software development. Ported Ada compiler from UNIX to stand alone system (e.g. no operating system) single handedly. Developed graphical system display software as a "sales tool" for the system, real time schematic of current electrical and landing gear subsystem operations. R&D project was rated the best of nearly 50 projects reviewed, with very positive comments about the fact the system was run with Ada software despite very limited resources. Developed software mechanization of "Quine-McKluskey Logic Minimization"; output of program was minimized logic, in compiler ready Ada source code.

Currently working as Lead Engineer on non-destructive automated ultrasonic scanning systems (AUSS) including software design and implementation of nearly all interactive graphics operations for data imaging and analysis, such as cross section, histograms with statistical reports, and graphical annotations. Project leader for imaging subsystem, in charge of software maintenance and enhancements.

From 10/89 to Present Instructor
McDonnell Aircraft
St. Louis, MO

Teaching Matrix Algebra in company's voluntary improvement program, eight weeks per year.

From 11/83 To present Free Lance Writer
Computer Magazine Author
St. Louis, MO

Writer for computer magazines. Over 100 works published in magazines such as Compute Magazine, Antic Publishing, Analog Computing, ST-Log Magazine, Home Office Computing, and PC Home Journal. Publications included programs such as utilities, video games, educational games, and hardware interfacing. Numerous tutorials, product reviews, and editorial commentaries. List of publications available on request. Contributing author to the books "Compute's Mapping the Atari, Revised Edition", appendix 19, and "Stupid PC Tricks", "Annoy, The Irritating DOS Shell" utility.

From 01/76 To 08/79 Factory Worker
Ad Specialties
Union, MO

Machine operator and assistant foreman in injection molding plastics company, Ad Specialties in Union, MO, working my way through college.

EDUCATION

From 08/88 To present
University of MO Rolla, at UMSL, St. Louis, MO. MSEE in progress, electrical engineering emphasizing digital design and interactive computer graphics.

From 08/78 to 05/80
University of Missouri Rolla, Rolla, MO. BSEE, Electrical Engineering.

From 01/76 To 05/80
East Central College, Union, MO. AA, suma cum laude honors graduate, general engineering.

SPECIAL SKILLS

Adroit at Ada, C, PL/1, and many dialects of assembly language programming on MS-DOS, UNIX, and Data General AOS/VS operating systems.
